### **Notice Regarding Change to Reportable Segment Name**

Marubun Corporation (the “Company”) hereby announces that it has resolved to change the name of its reportable segment as described below at the meeting of the Board of Directors held on May 9, 2025.

#### **1. Reason for Change**

Our Group’s reportable segments consist of the Electronic Devices Business, Electronic Systems Business, and Electronic Solutions Business. Within the Electronic Solutions Business, the Company is developing new solutions by combining the wide range of products handled by both the Electronic Devices Business and the Electronic Systems Business with the technology and know-how the Company has cultivated to date. In addition, to further accelerate the development of cutting-edge solutions globally and the launch of new businesses, the Company has decided to rename this reportable segment from the Electronic Solutions Business to the Entrepreneur Business to more clearly reflect its business activities.

#### **2. Details of Change**

Former Segment Name	New Segment Name
Electronic Devices Business	No change
Electronic Systems Business	No change
Electronic Solutions Business	Entrepreneur Business

(Note) This is only a change in the segment name and does not affect the classification of reportable segments.

#### **3. Timing of Change**

The new segment name will be adopted starting with the first quarter financial results for the fiscal year ending March 2026.
